

March 28, 2025

2:15 pm - 3:00 pm

Attendees: Gabby, Kacie, Harper, Viet, Thenn

Current Team leader: Viet Vu

Updates:

- Team's progress over the last week:
 - Frontend:
 - All dummy pages are transitioning into the finalized design
 - Home pages, dashboard, expenses, profile, login, sign up
 - Animated charts added to dashboard
 - Backend:
 - Middleware to protect routes from users that are not logged in
 - Uses cookies
 - Integrate receipt API to read data and add expenses automatically
 - Add and delete expenses from the database
 - Minor bug fixes
 - Whole team:
 - Integration, merging

Meeting:

- Change category to a dropdown menu/but also allow for custom categories
 - Reference Notion, they have a good system for resolving dropdown categories and custom categories
- Look into deployment on a server and actual use in the future once we're done
- Some concern that we'll run out of tasks to do

To Do:

- Frontend:
 - Finalize pages
- Backend:
 - Budgeting Data tables
 - Voice memos and notes
 - Category management
- Everyone
 - Final report (Thenn will send out instructions today)
