

February 28, 2025

2:15 pm - 3:00 pm

Attendees: Gabby, Kacie, Harper, Viet, Thenn

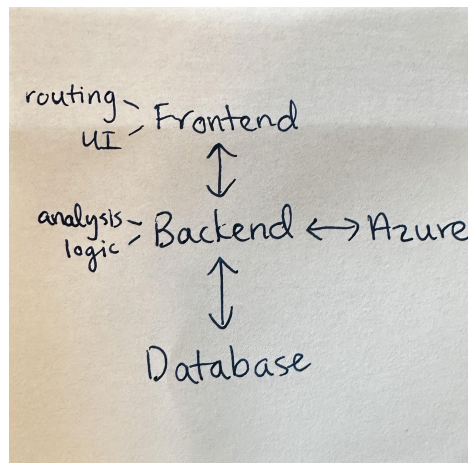

Current Team leader: Harper Wood

Updates:

- Team's progress over the last week:
 - Frontend: React wireframes
 - Backend: Database connection, API testing, research
 - Whole team: Software architecture diagram

Meeting:

- New format of meeting
 - Team leader starts presentation and presents entire team's tasks
 - Show proof of what you have done (must be on team leader's computer)
 - For example, show research, code running, etc.
 - Last 15 minutes, go over contributions of each team member
- Presented team's progress over the last week
 - See Updates section above
- Discussed changes to Software Architecture Diagram

- Will redraft diagram and show next meeting
- Each team member discussed their individual progress over the last week and what they planned to do next
- Found issue with Projects board missing to do tasks
 - Will make sure tasks are on the board for the next week before the Friday meeting from now on
- Asked about Peer Reviews and Project Proposal submission
 - Professor has been asked and we will hear back on Teams

To Do:

- Whole team
 - Redraft Software Architecture Diagram

- Frontend
 - Implement React dummy pages
 - Continue Figma designs
- Backend
 - Connect API to app
 - Start implementing user authentication
 - Create database schema
 - Focus on user data as this will likely be the first part of the app integrated
