

March 7, 2025

2:15 pm - 3:00 pm

Attendees: Gabby, Kacie, Harper, Viet, Thenn

Current Team leader: Harper Wood

Updates:

- Team's progress over the last week:
 - Frontend: App routing, dummy pages, Figma updates
 - Backend: Storing user data, API integration
 - Whole team: Software architecture diagram updates

Meeting:

- Presented meeting agenda showcasing what we will talk about
- Showed the updated software architecture diagram
 - Approved and meets the requirements
- Presented frontend progress along with the Figma page
- Presented backend progress (code, demo video, and API workspace progress)
 - We are able to have non-team leader members sharing their screen for these meetings
- Explained our target demographic despite our application's name
 - Reminded that our goal for this project is to be serious as if we were to actually produce the product
- Showed our timeline and that we are on track for our production
- Thenn recommended a more visual representation for our issues board so that we can actively see if we are on track and also hold ourselves accountable for our goals
- Showed our progress report for the week
 - We are all on track, good job team!

To Do:

- Frontend: continue working on dummy pages, polish designs
- Backend: complete user authentication, implement transaction database
