

March 25, 2025

1:00 pm - 2:00 pm

Attendees: Gabrielle, Kacie, Harper, Viet

Current Team leader: Viet Vu

Updates:

- Fixed most bugs that came from last week's work
- Gabby worked on dashboard page and pushed to GitHub
- Viet worked on implementing transaction data

Meeting:

- Team shared progress updates and plans for the week
- Discussed new design ideas for Figma and the frontend development
- Discussed budgeting categories
 - Preset vs custom
 - Will start with preset for development purposes but will expand to custom categories as a stretch goal

To Do:

- Backend
 - Finish implementing transaction data
 - Integrate API into frontend
 - Will meet to discuss utilizing user tokens to assist with transaction data
- Frontend
 - Implement new Figma design ideas
 - Complete development of some pages
