April 15, 2025
1:00 pm - 2:00 pm
Attendees: Gabrielle, Kacie, Harper, Viet
Current Team leader: Kacie

Updates:

Meeting:
- Make login button turn into a log out button after you login
- Fixed make new account
- Get rid of savings as a built in category and replace it with miscellaneous, and if the user wants to track savings they will add it in as a custom category
  - Change miscellaneous
- New stretch goal: display how much of the budget goal they've spent so far
- Line graph:
  - Make the data reflect how much has been spent for each month

To Do:
- Backend
  - Logout and voice memo
  - Line graph with responsive data
  - Redo format of the database
  - Fix bug with donut chart
  - Add loading screens to expense and dashboard as well
- Frontend
  - Implement new Figma design for layout of expense pages
  - ^and then reflect those changes
  - Home page line design
  - Inconsistent page styling??
  - Budget goals and editing the front end
- Final Report
  - Due may 9th
