March 14, 2025
2:15 pm - 3:00 pm
Attendees: Gabby, Kacie, Harper, Viet, Thenn
Current Team leader: Harper Wood

Updates:
- Team's progress over the last week:
  - Frontend:
    - Expenses and Profile pages
    - CSS cleanup
  - Backend:
    - Sign up and login implementations/integration with database
    - User authentication/route protection with JWTs
  - Whole team:
    - Integration

Meeting:
- Showing demo with progress to date
- Showcased timeline view on GitHub
- Thenn asked about our goals and progress so far for those goals
- Thenn pointed out that it looks like our progress slowed down
  - We were stopped a lot with a lot of bugs, integration issues, and setting up for following weeks as well as midterms
  - Thenn suggested having separate branches for frontend, backend, integration, main, and deployment
- Went over progress report for the week
- Midterm grades will be out soon and are not final but are a reflection of our progress up to this point
- Thenn mentioned we need to update the specifications on our project proposal to be more technical and accurate

To Do:
- Frontend:
  - Finalize Figma designs (March 28th)
  - Code app to reflect updated designs (after March 28th)
- Backend:
  - Integrate Azure receipt API into Expenses page (March 28th)
  - Protect API routes with JWTs (March 28th)
  - Implement database support for transaction data (March 28th)
  - Integrate transaction database with relevant pages (after March 28th)
